St. Clement Exploration

Circular Walk

St. Clement is positioned on the sheltered and pretty southeast coast. Despite being the smallest parish in the island, it has a lot to offer - namely magnificent coastal views, which are beautiful and contrasting at both low and high tide. This walk which begins and ends at the Parish Hall passes the Millennium Cross and Stone, travelling along the low lying ground of Samarès and Grande Vingtaine. It then climbs to enjoy views from high ground above Le Rocquier and from Vercuet. Enjoy a little break at family favourite Green Island for a bite to eat and soothing sea air.
