St. Saviour Ramble
Circular Walk

St. Saviour is a green parish – with over two thirds of the area made up of fields and pastures, look out for herds of grazing Jersey cows along the way. This walk will take you from the outskirts of St. Heller up Grands Vaux Valley, past the Millennium Stone and on to La Hougue Bie (a Neolithic site on a hill with medieval chapel and archaeology museum.) Either catch the bus back to town or venture further through gorgeous country lanes winding to St. Saviours Parish Hall or an alternative route into St. Heller ending at the perfectly planted Howard Davis Park.
