Gorey Pier to La Rocque Point

Linear Walk

Start at Gorey Pier and head south along Jersey’s east coast, enjoying some heavenly sea views en route of the French coastline and the Royal Bay of Grouville. Decide between road or beach for the journey and be sure to at least dip a toe in the clear water of the bay. At low tide, a walk out to Seymour Tower is a must (2km) between vast expanses of rock and seabed towards the defence tower on the tidal island named L’Arhrisson. Caution. Extreme tidal flows. Guided walks to Seymour Tower are advised.
