**Town Heritage Walk**

*Linear Walk*

First tower marks the start of this short and easy Heritage walk, which then heads towards town following the sea wall along the route of the old railway line. The final stages of the walk include beautiful sea views and the iconic Jersey heritage site Elizabeth Castle, built on a rocky islet in St. Aubin’s Bay. This castle has some history – it has watched over Jersey’s main gateway for more than 300 years. Take a walk out along the causeway to the castle at low tide or take the amphibious ‘Duck ferry’.

1.5 miles / 2.4km

Easy

Start: First Tower  |  Finish: Elizabeth Castle

Pit stop: La Fregate Café
