

A Western Loop

Circular Walk

Those that live in the west will tell you that, 'west is best', and this walk certainly shows off the beauty of the west coast in all of its glory. If you fancy a challenge you can try to cover the ground in one day, or for a more relaxing experience split this walk into sections, enabling you to stop and enjoy Jersey's natural beauty, whilst sampling some local produce at one of the many restaurants along the way.

22.6 miles / 36.4 km

Hard
